AVAILABILITY REVEALED

Achieving greater certainty about your trade-mark's availability in Canada is easy and convenient with a Canada Full Search from Thomson CompuMark.

COMPREHENSIVE COVERAGE

Coverage includes trade-marks filed or registered with the Canadian Intellectual Property Office, including designs and translations. We also search Distinctive Character sources, extensive Common Law sources, official corporate name registries, and the Canadian Patent Reporter for litigated trade-marks.

PAPER OR PIXELS

Whether you prefer paper or online reports, we have you covered. Our full-color printed reports make analysis fast and easy. To save you time, we place critical information on each citation at the top of each record. Or use our online SERION® Analysis Tool to streamline the way you review, analyze and report on search results.

SERION ANALYSIS TOOL

The Analysis Tool streamlines the way you review, analyze and report on Full Search results. It takes everything you wish you could do with paper Full Search reports and puts it in an easy to use, efficient online environment featuring:

- Time-saving tools—Identify results of interest and make more informed decisions faster and more efficiently.
- Flexible viewing options—Organize and view information the way you want. Use the Table View for rapid scanning of results. Then switch to the Record View for details on a mark of interest.
- Custom export report templates—Automatically create, save and export reports tailored to client preferences.

COMMON LAW COVERAGE

Delivering more relevant results demands coverage of common law sources that is both broad and deep. We search both traditional and online sources—including general and industry-specific databases and websites—to deliver the most relevant results. We search both of the leading web search engines, Yahoo® and Google™, to reduce the risk of overlooking important marks on the web.

CREATIVE SOLUTIONS

We understand that real-world trade-mark challenges often demand creative, customized search solutions. Our expert research analysts can develop a tailored search strategy and create a comprehensive search report that meets your particular needs or preferences.

ABOUT SERION®

SERION offers easy, integrated access to a range of Thomson CompuMark resources and tools for searching, screening, analyzing, and protecting brands. SERION is designed to integrate seamlessly with real-world workflows, so you can achieve more certainty, more quickly. Learn more at SERIONinfo.com.

Web Search Extensions

Want to expand your industry focus? Add a Web Search Extension for targeted coverage of key trademark-rich websites for your industry. Or add a Web Extreme Search for even deeper industry-specific web coverage.

Expanded Domain Name Coverage

We complement our broad web coverage with expanded coverage of domain names, searching generic top-level domain names (gTLDs).

CANADA FULL SEARCH SPECIAL OPTIONS

Extend your search coverage or sharpen its focus, easily and cost-effectively, with a variety of options that can be added to your Canada Full Search.

Canada and U.S. Full Search Combination: Determine the availability of a proposed trade-mark for use in Canada and the United States.

Canada Full Entertainment Search: Clear your selected name for title and trade-mark use with a single search. This search combines the trade-mark coverage of our Canada Full Search with our comprehensive Canada Title Search.

Canada Design Search: We search your design trade-mark or logo against the Canadian Trade-mark Register to determine availability of logos, special lettering or designs.

Canada Brand Expansion Search: Provides additional diverse goods and services coverage. Offers extensive unrelated class coverage spanning three or more sets of unrelated goods or services.

Canada Full Pharmaceutical Search: We go beyond the scope of the standard Canada Full Search to include specialized pharmaceutical trade-mark sources.

Acronym Search: We search both the acronym and the full, spelled-out name, giving you more information with which to make decisions on your proposed brand.
